NakedWatch® Tailored Tourbillon Skeleton

NakedWatch® Tailored Tourbillon Skeleton
Foundation Model w/ simulated Carbon-fiber strap

Aspen, CO - December 3, 2007 — NakedWatch® is proud to announce the availability of the first affordable custom configurable Tourbillon skeleton watch.

The NakedWatch® Tailored Tourbillon Skeleton is a very striking timepiece without modification, however, we are offering each owner the unique opportunity to have a 'One of a Kind' Tourbillon skeleton. This timepiece will stand apart from all others, as it will fit each owner uniquely as if tailored on Savile Row.

Each NakedWatch® Tailored Tourbillon Skeleton timepiece is a bespoke Tourbillon, which can include numerous customizable features. Delivery time will vary dependent upon the options and customization, however, the Foundation Model (shown) typically available within 90 — 120 days.

NakedWatch® Tailored Tourbillon Skeleton not only can be plated in Rose Gold, you can also have one crafted in solid Rose Gold, including case-back, screws, and/or crown. Each timepiece is configured to meet our owners unique tastes and style. The price point for custom features will vary and each custom configuration will be quoted on an individual basis.

Ideas for Tailoring The Tourbillon

NakedWatch® Malcomb Rose Gold Skeleton
Rose Gold plated screws, hands, numerals, and crown

Classic black is a timeless look, as seen on our best selling skeleton watch: Saratoga - Limited Edition. The Ionic Plated Saratoga offers a deep classy look. The screws are not plated and pop like points on a compass.

These finishes represent a few customizable options available for a minimal premium.

A popular finish now incorporates Rose Gold. Rose Gold provides a striking accent against the black face and flat buffalo leather strap. The dramatic splash of color is shown on the Malcomb-RG Skeleton, one of our best selling skeleton watches.

Malcomb-RG & Saratoga-LE sell for \$360.00 & \$479.00 USD, respectively.
